MP3

A MP3 looks, sounds and feels like a regular CD (compact disc); however, the content is more compressed. A regular CD holds a maximum of 74 minutes of audio, compared to the MP3s storage capability of up-to 16 hours.

Newer CD players that are formatted to play MP3s will also play regular CDs. Older CD players built to play only regular CDs will not play MP3s .

(Car makers started installing MP3 compatible CD players around 2005)

To search for MP3s you can type “MP3” in the general keyword search option. The search results will just show the format “Compact Disc.”

Summary: "It's a profile, like all the others on the online dating site. But as NYPD Detective Kat Donovan focuses on the accompanying picture, she feels her whole world explode, as emotions she's ignored for decades come crashing down on her. Staring back at her is her ex-fiancé Jeff, the man who shattered her heart-- and who she hasn't seen in 18 years. Kat feels a spark, wondering if this might be the moment when past tragedies recede and a new world opens up to her. But when she reaches out to the man in the profile, her reawakened hope quickly darkens into suspicion and then terror as an unspeakable conspiracy comes to light, in which monsters prey upon the most vulnerable"--Container.

Summary: It's almost Christmas, but there is no joy in the house of terminally ill Jack and his family. With only a short time left to live, he spends his last days preparing to say good-bye to his devoted wife, Lizzie, and their three children. Then, unthinkable, tragedy strikes again: Lizzie is killed in a car accident. With no one able to care for them, the children are separated from one another and sent to live with family members around the country. Just when all seems lost, Jack begins to recover in a miraculous turn of events. He rises from what should have been his deathbed, determined to bring his fractured family back together. Struggling to rebuild their lives after Lizzie's death, he reunites everyone at Lizzie's childhood home on the oceanfront in South Carolina.
